

spanish energy storage exhibition

From 18 to 20 November, the largest commercial platform for this industry will take place, with the support of the Institute for Energy Diversification and Saving, IDAE (Ministry for Ecological Transition and the Demographic Challenge) as well as with the renewed backing of the Solar & Storage Live Barcelona is set to debut at Fira Montjuïc on Wednesday, 13 November and Thursday, 14 November, drawing over 3,000 energy professionals from around the globe. This specialist commercial trade show is free to attend and will showcase the latest in solar and energy storage solutions.

From 18 to 20 November, the largest commercial platform for this industry will take place, with the support of the Institute for Energy Diversification and Saving, IDAE (Ministry for Ecological Transition and the Demographic Challenge) as well as with the renewed backing of the main agents of (VALENCIA, FEBRUARY 5,) - Solar + Storage España, the premier exhibition and conference dedicated to the flourishing Spanish and Iberian solar and energy storage markets, will set the landscape this September 18-19, at the City of Arts and Science in Valencia. Organized as a joint effort by the Spanish Ministry of Ecological Transition and the Demographic Challenge, this is the go-to event for anyone looking to design, install, or operate large-scale solar PV, storage solutions, and other complementary technologies. At this trade show, you'll find everything related to solar energy, including exhibitors showcasing cutting-edge solar technology, solar energy storage solutions, and more.

For Spain, achieving 20 GW of large-scale energy storage deployment is a key milestone in securing a 100% renewable electricity system by 2030. This second edition of the Solarplaza Summit Energy Storage Spain marks a significant leap forward in Spain's energy storage market, with the Spanish 5th Solar Energy Storage Future Spain will take place in Madrid, Spain on 26 September.

1. The Ministry of Ecological Transition (MITECO) in Spain has updated its National Energy and Climate Plan (PNIEC) with an increased target for installed solar capacity of 76GW by 2030.

2. At the end of the year, Solar & Storage Live Opens Its Doors in Barcelona. Solar & Storage Live Barcelona will take place on November 13-14 at Fira Barcelona Montjuïc, bringing together thought leaders, innovators, and key decision-makers in the solar energy and storage fields.

Genera | International Fair of Energy and Environment. The two leading events in the energy sector, GENERA and MATELEC, have officially opened registration for companies interested in participating.

Solar & Storage Live España - Spain's most anticipated event. With industry professionals expected, the event will be a one-stop destination for everything needed to deliver Spain's commercial, industrial and residential solar and energy storage projects.

Solar + Storage España Gears Up for a Dynamic Experience in Valencia. We report on developments in the global solar PV and energy storage industries, solar-related green hydrogen generation and heating systems (heat pumps), and regional solar energy storage.

Solar & Storage Live España (Valencia). Welcome to Solar & Storage Live Spain! This is the go-to event for anyone looking to design, install, or operate large-scale solar PV, storage solutions, and other complementary technologies.

Solarplaza Summit Energy Storage Spain. Fueled by market research, inspired by local consultation, and tailored for our professional audience, the content-rich event program takes stock of the challenges and opportunities of the Spanish Energy Storage market.

5th Solar Energy Storage Future Spain. 5th Solar Energy Storage Future Spain will take place in Madrid, Spain on 26 September.
